Alamo Title Company

we're taking care of the details

WHAT IS TITLE?

Title is your right to ownership and possession of your home or property. Title insurance helps protect you from problems that could affect your legal right to own your property. The title company helps uncover and fix problems and defects that could cause you to lose rights to your property.

protection
trust

WHAT HAPPENS IF THERE IS A PROBLEM?

The behind-the-scenes work for the title company promotes the efficient and secure transfer of real estate.

Title insurance doesn't guarantee that you won't have a problem, but it does give you assurance that the title company will be there to help fix the problem or to compensate you financially on covered claims. Unlike other types of insurance, the title insurance premium is paid only once and lasts as long as you own the property.

WHY IS TITLE INSURANCE IMPORTANT TO YOU AND YOUR FAMILY?

A title policy is your assurance that the home you're buying is protected from covered title problems. It's simply something you should have, so you can focus on all the other important issues that go with buying a home.

This brochure is brought to you by the Texas Land Title Association, a trade association for the Texas title insurance industry. TLTA represents approximately 2,000 members, including title insurance underwriters, agents and their employees, and others who work with and for the industry.

Put your trust in one of TLTA's member companies. Go to www.tlta.com to find a current list of members.

what	how	why
RESEARCHING	The title company searches, reviews, and insures titles to land to help protect homebuyers and mortgage lenders.	Determines if the property is insurable and notifies buyer.
SOLVING PROBLEMS	Communicates with attorneys, surveyors, tax authorities and others to help cure title defects.	To get deal done and make the title insurable.
BRINGING IT TOGETHER	The title company acts as the central clearing house for activities related to closing the real estate transaction.	Gets necessary documents signed to transfer ownership and files them with the county.
CLOSING	The title company coordinates and/or handles the closing and provides the parties with copies of relevant documents.	Makes arrangements for proper payment and distribution of funds and issues the title policies.

Helping protect your most valuable asset...now and in the future.
